USA v. Mamdouh SALIM

Case # 98 Cr 1023

Def't's Pro Se Motion Letter

Dear Judge Kaplan

I am writing to you to put you in picture and update you about the un-reconcilable, unfriendly, and dis-relationship with Mr. Fasulo whom may or may not is still considered by this court as an assigned lawyer to my fake case # 98 Cr 1023.

I would like to affirm that Mr. Fasulo can be assigned as a prosecutor for this case 98 Cr. 1023 or as a Govt. witness against me (if he can lie against me) or in any post in prosecution team. But, by no mean, Mr. Fasulo can claim ever that he can represent me as a defense lawyer. The trial will be automatically considered as unfair trial.

Thanks Goodness, all tryings from Mr. Fasulo to contact me failed. I never accepted to talk with him since more than one year. Also, I never wrote him a letter since about one year, too. The last letter he sent to me was Jan 14, 2019. But, of course, I never answer<sup>his</sup> any letter since I considered him as a prosecutor last year. Thanks Goodness, Fasolu never told me what he is doing since last year up to now. I love that he doesn't tell me, because he is NOT my lawyer. And, I have NO lawyer for this case 98 Cr. 1023 since I broke up with Fasulo last year with no any chance ever to accept any of his mis-representation other than as a prosecution team member.

Therefore, Dear Judge Kaplan plz consider any action from Fasulo on my behalf since June 20, 2018 upto forever to be UnValid and Nullified and Void until you assign me a lawyer.
